An extension of "Women warriors are not just fiction"

Read "**Women warriors are not just fiction**" (page 19, *What's Up* August 2017) for some terrific insights into the movie and character of Wonder Woman. The article says that many people see Wonder Woman as a role model who shows that women are equal to men, and should therefore have the same rights in society.

INSTRUCTIONS

Divide your class into groups of four or five members. Discuss, in your groups, the statements below. Write in point form your group's thoughts in the space provided. You may use the other side of this handout if you need more space.

MY GROUP'S THOUGHTS	
a.	In comic books and movies, most superheroes are men. Wonder Woman is one of the few female superheroes. Why do you think this has been the case?
b.	Some adults think that certain jobs are only for men, while other jobs are only for women. This is not a fair way of hiring. What are your group's thoughts about this?
c.	What advice does your group have for big companies when they hire men and women for various jobs?
d.	By the time you grow up, what changes would your group like to see in society's attitudes about men and women at work?
