# Asean Today

An extension of "Happy 50th birthday Asean!"

Read "**Happy 50th birthday Asean!**" (pages 6-16, *What's Up* October 2017). To celebrate Asean's 50th year, work in pairs to create a factsheet about it. Refer to the map below and information in *What's Up* to complete the following table. You may also go to the official websites of these countries to get the facts. Colour each country a different colour. Then, colour the corresponding row in the table with the same colour you used for that country. Now, you have your own factsheet about Asean today.
