

Space Force: Logo Design

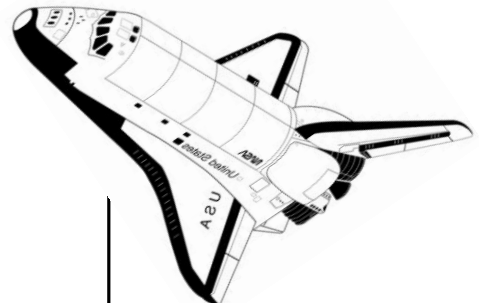

An extension of "Space Force: Donald Trump's plan to protect America"

1. Read **"Space Force: Donald Trump's plan to protect America"** (page 6, *What's Up* September 2018).
2. Imagine that president Donald Trump has approached you to design the logo for America's new Space Force.
3. Design your Space Force logo in the space below. In the margins (on either side), explain your artistic choices using labels or captions.

Symbols and images have the power to communicate a deep message. As you draw, consider the following:

- How will my logo accurately represent what the Space Force does?
- How can I make the logo meaningful, iconic, and memorable?

My Space Force Logo

4. When you are done, share your design with your partner or the class. Tell them the meaning behind certain details, and what your logo says about the Space Force.
