

The Ring of Fire

An activity of "The many faces of Indonesia's volcanoes"

In "The many faces of Indonesia's volcanoes" (pages 12–13, *What's Up* January 2019), we learn about the Pacific Ring of Fire. The table below shows some major eruptions that happened in 2018. Use an encyclopaedia or Google Maps to help you locate them on the map.

Instructions:

1. Go to www.google.com/maps and type in the name of the volcano.
2. Zoom out to find the country it is on and write it down in the table below.
3. Find the country on this map and label the volcano with the correct number.

No.	Volcano	Country	Month of eruption
1	Anak Krakatau	Indonesia	December 2018
2	Mount Agung		June 2018
3	Volcan de Fuego		June 2018
4	Mount Sinabung		February 2018
5	Mount Mayon		January 2018
6	Mount Kusatsu-Shirane		January 2018
