

## From Singapore to Nigeria

*An extension of "Street kids who danced their way to stardom"*

Read "Street kids who danced their way to stardom" (page 17, *What's Up* April 2019).

With a single dance video, The Dream Catchers have made so many people smile around the world. Even Rihanna wrote to them to express her admiration!

Get into groups of 4 or 5.

Make a short video to send to The Dream Catchers, telling them why they are such an inspiration to you and your friends here in Singapore. With your parent's/guardian's permission, post your video on Instagram as a shout-out to the dancers.

Get creative: you may film yourselves speaking, singing, and even — of course — dancing!

Don't forget to tag @dreamcatchersda so that they will see it. Imagine how they might feel, receiving love all the way from Singapore to Nigeria!

**IMPORTANT:** *Stay cybersafe! Do not use anyone's photos in the video clip.*
