An activity of "Hope for a rare primate"

1. Read "**Hope for a rare primate**" (page 15, *What's Up* July 2020).
2. Put yourself in the shoes of a Hainan gibbon researcher. Imagine you were in the forests of Bawangling nature reserve in 2019, discovering the new Hainan gibbon couple for the first time. Write two to three journal entries, detailing your observations and feelings as you studied the gibbons.

A blank, lined page from a spiral-bound notebook. The page is cream-colored with light blue horizontal ruling. A red vertical margin line is on the left side. There are ten circular punch holes along the left edge. The page is otherwise empty.A blank, lined page from a spiral-bound notebook, identical in format to the first page. It features light blue horizontal lines, a red margin line on the left, and ten circular punch holes.A blank, lined page from a spiral-bound notebook, identical in format to the previous pages. It features light blue horizontal lines, a red margin line on the left, and ten circular punch holes.
