

Commonwealth of Nations

An activity of "Barbados to drop the Queen"

"Barbados to drop the Queen" (page 6, *What's Up* October 2020) tells the interesting story of an organisation called the Commonwealth of Nations and one of its member states — Barbados. Read it carefully individually.

The table below lists most of the member states of the Commonwealth by region. Working in pairs, unscramble the words to identify them. Challenge yourselves and use only an atlas to complete it.
