Dear Diary

An extension of "California fighting massive wildfires"

1. Read "**California fighting massive wildfires**" (page 9, *What's Up* October 2020).

Toby Wait was one of the evacuees affected by the Californian wildfire. Despite going through a terrible ordeal, he remained positive.

2. Imagine you are Toby Wait. Put yourself in his shoes and write a diary entry about your experience with the wildfire.

Before you start writing, consider the following:

1. What happened?
2. When and where did it happen?
3. Who else was there when it happened?
4. How did you feel when it was happening? How do you feel now?
5. What are you going to do?

3. Use this space to draft your diary entry. Make sure to end your entry on a positive note!
