

## My Fantastic Performance

*An activity of "Bringing entertainment to the streets"*

Read "**Bringing entertainment to the streets**" (page 22, *What's Up* March 2022). Put yourself in the shoes of buskers like Cliff Lee and Roy Payamal. How do you think it feels to perform in front of an audience?

What would you do if you were a busker? Would you be a musician like Mr Lee or a performance artist like Mr Payamal? Can you think of any other types of performances that audience members would enjoy watching?

Imagine that your school allows busking by students in the canteen during recess. Your friends and you are eager to perform.

1. Plan your act and design a poster inviting your schoolmates to your busking act. In your poster, describe your performance and when you will be performing. Use the questions below to help plan your poster.

a) What do you imagine your performance to be? Are there others involved in your performance? What would you be doing as a busker?	
b) List five adjectives to describe your act. <i>eg. funny skit, passionate singing, energetic dance, etc.</i> _____ _____ _____ _____ _____	c) Use these adjectives and compose five short sentences for your poster. <i>Hint: make your sentences exciting</i> _____ _____ _____ _____ _____ _____ _____ _____ _____

2. Sketch what you think your performance would look like.

3. Now you are ready to take part in the *What's Up* art contest.  
(See page 22, *What's Up* March issue).
