

Shoes Show-and-tell

An activity of "The quiet shoes that took the world by storm"

Read "**The quiet shoes that took the world by storm**" (page 22, *What's Up* July 2022). Many of the shoes featured in this story stir up memories of special people or events. Do you have a pair of shoes, sandals or even slippers that holds special memories for you? Tell your class about that pair.

1. Prepare your brief presentation by jotting down your points here.

a) What kind of footwear is your special pair?

(e.g. sneakers, party shoes, sandals, rubber slippers, soccer boots, ballet pointe shoes, water booties)

b) Who bought the pair for you? How long have you had it?

c) What do you like most about it?

d) What special memories does this pair hold for you?

2. Have a show-and-tell session in your class, with students sharing about footwear memories. You may either bring the footwear to school or share its photo or sketch.
3. Reflect on what it felt like to share about your special pair and to listen to your classmates talk about theirs.
