

Name: _____

Class: _____ Date: _____

If I Had a Robot

An activity of "The invisible hands that guide AI".

Read the article "The invisible hands that guide AI" (page 26, *What's Up* October 2022).

1. Let's watch a video to look at some jobs that robots can do.

10 Robots Make Life A Lot Easier

➤ <https://youtu.be/6TpuJ3bnL8> (Tech Insider, 31 Dec 2017)

2. What are some tasks you wish could be done by a robot? Make your a Wishlist.

I wish I had a robot that could:

3. Imagine what it would be like if you could create a robot that completes one or more tasks in your Wishlist. How would it make your life better?

4. Illustrate the robot in action, in the form of an annotated diagram. An annotated diagram is a diagram with labels explaining and highlighting the important parts.

Name of robot: _____

What it does: _____

MY ROBOT IN ACTION

5. Share your annotated diagram with your class. Explain how your robot design would make your life better.
