Memories of Long-ago Trends

An activity of "What was up in 2003"

Browse through the 20 past trends given in "What was up in 2003" (page 6–8, *What's Up* August 2023). Do you think older adults would remember these 20 trends of 2003? Why don't you ask them? For this activity, work in pairs to interview two older adults.

a) Pick three of the 20 trends to focus on.

b) Use the 5W1H question starters method to develop your interview questions. The questions apply to all your chosen trends.

c) Interview two older adults and jot down their responses.

d) Share your findings with your class.

Our questions using 5W1H starters	Our Three Trends	Our Interviewees' Answers (in point form)
What: What do you remember about the trend? What _____? Who: Who do you associate with this trend? Who _____?	Trend A _____
