## The Many Uses of Drones

*An activity of "Helpful Drones".*

You might have come across drone enthusiasts flying their drones in wide open fields. But, did you know that drones have many other useful applications? Read "Helpful Drones" (pages 10–11, *What's Up* May 2025) to learn more. For instance, these unmanned aerial vehicles can be used to plant trees, rescue lives, and capture images in dangerous places.

### ON YOUR OWN
