Survey: About Terminal 5

An activity of "Airports, old and new".

Read "Terminal 5 will be Changi Airport's largest" (pages 10-11, *What's Up* April 2026). When Terminal 5 opens, which part do you think people would be most eager to see? Conduct a mini survey to find out.

ON YOUR OWN

A. Ask three people (your respondents) two questions.

Question 1: Terminal 5 will be Changi Airport's largest terminal. It will be ready in the mid-2030s. Which of these are you most eager to see? Pick one.

Eateries Cinema Play areas Gardens Shops Toilets

Question 2: What is your reason for picking this category?

Record their responses in this table.

Respondent	Most eager to see at T5	Reason
1.		
2.		
3.		

AS A GROUP

B. Use this table ↓ to collate all your group members' survey data. Each student writes in the middle column the number of that students' respondents who picked each of the categories and their reasons. If your group has five members, then the total number in the middle column should be $(5 \times 3) = 15$.

Eager to see this	Number who picked this	Their reasons
Eateries		
Cinema		
Play areas		
Gardens		
Shops		
Toilets		
Total number		

C. Display your findings as a pie chart divided into the six Terminal 5 areas. Share with your class your pie chart along with the respondents' reasons.
